**PETITION TO ACCEPT A DECLARATION SIGNED BY TWO OF THE  
FOUR INVENTORS UNDER 37 C.F.R. §1.47 (a)**

August 16, 2005

Mail Stop Petition  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

1. The invention which is the subject of the above referenced patent application was invented by Ravi Hariprasad, Rajesh Ghanta, Praveen Ghanta, and Ravi K. Ghanta. The inventors originally assigned the invention to Lucira Technologies, Inc. which filed for bankruptcy on November 27, 2002 in the United States Bankruptcy Court for the District of Massachusetts.

2. The assets of Lucira Technologies, Inc. were sold by the appointed Bankruptcy Trustee to Mobile Secure LLC. PCT Application Number PCT/US01/42001, filed September 4, 2001 was among the assets purchased.

3. Mobile Secure LLC arranged for the filing of U.S. Patent Application No. 10/363,498 on February 27, 2003, and claiming the benefit of the above referenced PCT Application. Mobile Secure LLC later arranged for the filing of the present application, claiming the benefit of application no. 10/363,498.

08-00-00  
10728249  
08/19/2005 TBESHAH1 00000027  
02 FC:1463

4. Mobile Secure LLC assigned the application to M-Secure, Inc., which assigned the application to MobileSecure, Inc., the present owner of the application. MobileSecure, Inc.'s ownership of the application is shown by the accompanying Statement Under 37 C.F.R. § 3.73(b).

5. A notification of missing requirements was mailed on May 20, 2003.

6. Mobile Secure LLC unsuccessfully attempted to obtain a signed declaration from the inventors throughout the next six months. Specifically, Mobile Secure LLC engaged in extensive communications by phone and email with the inventors requesting that they sign the declaration; provided the declaration along with an assignment to the inventors by overnight delivery, accompanied by a pre-paid overnight return envelope; and held meetings, telephone conversations, and email correspondence with the Bankruptcy Trustee, who then made his own efforts to obtain the signatures of the inventors on the declaration.

7. Mobile Secure LLC's efforts to obtain the signatures of the inventors on the declaration are documented in the Declaration of Duncan Mackay and the exhibits thereto, which was previously filed.

8. Although the inventors eventually returned signed assignments, they never returned a signed declaration.

9. After the dismissal of the original petition to accept a declaration signed by the assignee, the undersigned representative performed a search on Lexis to find the most recent addresses of the inventors, with the results attached hereto as Exhibit A. The undersigned representative then sent to each of the inventors, by certified mail, return receipt requested, a copy of the declaration, along with a copy of the specification, claims, and drawings of the application (in the form of a complete copy of the application as published), and accompanied by appropriate cover letters, all of which is attached hereto as Exhibits B, C, D, and E, respectively, along with the mailing receipts.

10. The undersigned representative received signed receipts from Ravi Hariprasad and Praveen Ghanta, attached hereto as Exhibit F. The mailing to Rajesh

Ghanta was returned to the undersigned representative stamped, "Attempted Not Known," as shown by the photocopy of the envelope included at Exhibit G. Despite the returned receipt for the mailing to Ravi Hariprasad, this mailing was later returned stamped "Insufficient Address" as shown by the photocopy of the envelope included at Exhibit H.

11. The undersigned representative sent to each of the inventors, by electronic mail, read receipt requested, a copy of the declaration, along with a copy of the specification, claims, and drawings of the application (in the form of a complete copy of the application as published), all of which is attached hereto as Exhibit I. Although no read receipts were returned, Ravi Ghanta replied by Email that he would return a signed declaration, as shown in Exhibit J.

12. The undersigned representative received signed declarations from Praveen Ghanta and Ravi Ghanta, which were sent in the return envelopes provided in the mailing, and which are enclosed herewith. The undersigned attorney has not received signed declarations from Ravi Hariprasad or Rajesh Ghanta, and has also not received any communication from these inventors regarding whether they will sign the declaration.

12. The last known addresses of the inventors are:

Ravi Hariprasad, 2300 Walnut St., Apt. 708, Philadelphia, Pennsylvania 19103-5547;

Rajesh Ghanta, 60 CharlesGate West, Apt. 4B, Boston, Massachusetts, 02215;

Praveen Ghanta, 1101 Juniper St. NE Apt. 819, Atlanta, Georgia, 30309; and

Ravi Ghanta, 567 Tremont Street, Apt. 11, Boston, Massachusetts, 02218.

13. If a declaration signed by two of the four inventors is not accepted, the application will be abandoned. A future application for the same invention would not have the benefit of the originally filed provisional patent application. PCT Application No. PCT/US01/42001, which is within the chain of priority for this application was published on March 7, 2002, and would therefore become prior art under 35 U.S.C. § 102(b). The predecessor of the assignee, Mobile Secure LLC, was

formed upon the purchase of the application. The application remains central to MobileSecure Inc.'s business. MobileSecure Inc. would therefore be irreparably harmed by a refusal to accept a declaration signed by two of the four inventors.

14. Even though this petition is to accept a declaration signed by two of the four inventors instead a declaration signed by the assignee, this petition addresses all defects identified in the previous petition to accept a declaration signed by the assignee. Duncan Mackay's authority to sign documents on behalf of the assignee is established by his title of President of MobileSecure Inc. The relationship of the person signing the declaration to the inventors is explained in the declaration. The citizenship of the inventors is identified. This petition includes evidence that applicant's representative attempted to provide all inventors with the declaration along with a copy of the application, and that two of the four inventors still have not signed the declaration. Finally, this petition describes the irreparable harm that would result from refusal to accept a declaration signed by the assignee.

15. This petition is accompanied by the petition fee of \$130 and a petition for a one-month extension of time, along with the extension fee of \$60.

Accordingly, Mobile Secure LLC respectfully requests that the U.S. Patent and Trademark Office accept a Declaration signed by two of the four inventors.

Respectfully submitted,

Dear Mr. Ghanta:

I am writing on behalf of MobileSecure Inc., the present owner of the above-referenced U.S. patent application, for which you are named as an inventor.

The last remaining requirement imposed by the U.S. Patent and Trademark Office for this application to proceed to examination is a declaration signed by the inventors. Essentially, the declaration states that you believe that you and the other named individuals to be the inventors of the invention described in the application. I have also enclosed a copy of the application which was filed, including the text and drawings, so that you are aware of its contents as you sign and date the declaration, and a prepaid return envelope for use in returning the signed declaration. Thank you for your assistance in completing the filing of this application. Please do not hesitate to contact me if you have any questions.

Best regards.

(Our File No. 291966-00003)**

Dear Mr. Ghanta:

I am writing on behalf of MobileSecure Inc., the present owner of the above-referenced U.S. patent application, for which you are named as an inventor.

The last remaining requirement imposed by the U.S. Patent and Trademark Office for this application to proceed to examination is a declaration signed by the inventors. Essentially, the declaration states that you believe that you and the other named individuals to be the inventors of the invention described in the application. I have also enclosed a copy of the application which was filed, including the text and drawings, so that you are aware of its contents as you sign and date the declaration, and a prepaid return envelope for use in returning the signed declaration. Thank you for your assistance in completing the filing of this application. Please do not hesitate to contact me if you have any questions.

Best regards.

Very truly yours,

Subject Patent application for a method and system for tracking and  
controlling a remote device

Gentlemen,

Following up on my letter of June 22, 2005, I am writing on behalf of MobileSecure Inc., the present owner of the above-referenced U.S. patent application, for which you are named as an inventor.

The last remaining requirement imposed by the U.S. Patent and Trademark Office for this application to proceed to examination is a declaration signed by the inventors. Essentially, the declaration states that you believe that you and the other named individuals are the inventors of the invention described in the application. I have also attached a copy of the application which was filed, including the specification, claims, and drawings, so that you are aware of its contents as you sign and date the declaration.

The present deadline for filing the declaration is July 24, 2005, but this deadline is extendable. Please let me know if you have sent a signed declaration, or if you plan to do so.

Facsimile copies and copies scanned into PDF files and sent by Email are acceptable to the USPTO.

Thank you for your assistance in completing the filing of this application. Please do not hesitate to contact me if you have any questions.
